## **Germs Make Cavities**

## **Did You Know?**

- Germs plus food and drinks high in sugar or carbohydrates cause cavities.
- White or brown spots on teeth may be early signs of tooth decay and a black spot is probably a cavity.
- Cavities get bigger and bigger until the dentist fixes them.

White spots (the start of cavities)

**Tooth decay** 

## **Cavities can be prevented!**

## **Take the Healthy Mouth Challenge!**

I will:

Make an appointment with my child's dentist if I see any white, brown, or black spots.
